Objective

Currently studying part-time in university and seeking for employment to apply my skills to my area of interest. Has experience working with computer hardware/software and providing technical support in a non-professional capacity. Willing to learn new skills and gain work experience.

Education

University of York (currently enrolled in Information Technology 2022 - Present)

University of Guelph (previously enrolled in Environmental Engineering 2020-2021)

Ontario Secondary School Diploma | Peoples Christian Academy

2016 – 2020

Awards and Activities

Music Award (For Excellence in School-Wide AV Assistance) | (2020)

Robotics Club Leader | (2019-2020)

Experience

Volunteer Camera Operator (2016 – 2021)

Living Truth, Toronto, Ontario

- Operated professional video cameras to record weekly messages for television broadcast and internet streaming
- Responsible for takedown of camera equipment after each week.
- Trained new camera operators.
- Managed cable organization for other camera operators.

Volunteer Audio/Video Assistant (November-December/2019)

Peoples Christian Academy, Markham, Ontario

- Planned technical aspects of multiple Christmas concerts with other fellow team members.
- Provided technical support to the audio/visual team on assembling and connecting various systems including video streaming and LAN networking.
- Operated camera and computer equipment throughout the duration of the concert.
- Helped with the setup and teardown of equipment.

Event Staff (May 2024 – Present)

BBW International Inc., Toronto, Ontario

- Provided customer assistance for directions during events.
- Scanned passes for registration as well as ID verification.

Skill sets/interests/hobbies

Installed Windows OS and motherboards, hard drives, ssd and memory modules. Assembled and disassembled home computers, assisted and troubleshooted computer and software issues. Provided remote technical support to family, friends and classmates.

Willing to learn new skills.
